

The Pasadena Tournament of Roses Association had an exceptional client experience working with magician Josiah Bunde for this year's Floatfest event in Pasadena. From the outset, the booking process was seamless and efficient, with Josiah demonstrating clear communication, flexibility, and a strong understanding of our event needs. His professionalism during the preplanning phase stood out, as he took the time to thoughtfully tailor his performance to align with our organization's values, audience, and setting. During Floatfest, Despite challenging conditions on the day of the event, Josiah remained consistently positive, adaptable, and professional, rising to the occasion with ease and reliability. Josiah captivated attendees through a remarkable blend of sleight of hand, expert misdirection, and engaging storytelling that created a genuine sense of wonder and excitement throughout the crowd. He was especially attentive and sensitive to the unique needs of our organization, ensuring the performance enhanced the overall guest experience while remaining appropriate and inclusive. Josiah's artistry and collaborative approach made him a valued partner and a memorable highlight of the event. He left a lasting impression on both guests and staff. We would welcome the opportunity to work with him again.
